**Alan Kellman & Brenda Hayes**

**It all started with a homemade birthday card** I made for Alan. He loved it so much he couldn't resist showing it to our neighbors and friends. I then started using my photographs to make cards for friends and family. Everyone loved the cards and said we should start a business. As it happened, a neighbor was opening up a boutique and was hoping to find a unique card line. She asked us to design some cards for her store... Sun Day Greetings was born!

I loved shooting pictures but worked as a graphic designer. Now I am able to combine my two passions into one profession. Alan, who holds an MBA, worked in various areas of finance and business. Growing weary of the corporate world, he dreamed of running his own business. However, he never saw himself as a salesman. Alan's passion and enthusiasm for these cards made the sales role come naturally and he is absolutely sincere when he talks about them.

I cannot do what he does and he cannot do what I do. This makes us a great team. So here we are, mom and pop, following our dreams with a home based business that we love. Alan and I have a lot of fun and thoroughly enjoy creating and selling our cards. We have appreciated and taken to heart all the encouragement, ideas and suggestions you have given us. Your help has contributed to our success. We look forward to working with you again this year and welcome more of your valued comments and suggestions.

Sun Day Greetings' cards are designed to move quickly and look great while they are in your store

“ We love Sun Day Greetings for so many wonderful reasons. We feel great about buying from a small business and even better for the passion that goes into their work. Between the picture, greetings, and price point, it's a win-win in our store. Our customers don't just buy one card; they buy stacks at a time, and how could they not when the cards are that good? ”
